I am hoping to fit something else in at 1 that just came up. Let me know if this works or not.

Subject: Next Week Spectrum Glass

I spoke with the Agency Inspector John Schantz and he is up for an inspection on Wednesday. He will also be in the office on Tuesday if you would like to meet or have a telephone call I'm free all day Tuesday except between 3 and 4 pm?

I have also attached the Agency Evaluation Report for the facility. This is what an inspector would have with them during an inspection. It lists: identifying information; required safety equipment; brief summaries of recent inspections and recent NOVs; lists each active Order of Approval and their conditions; and has a list of equipment for the facility. It might be useful for familiarizing yourself with the facility.

Sincerely,

Brian Renninger, P.E.
